**Condition:** A condition is imposed when the program substantially meets an Accreditation Standard. The condition specifies the outcome required so the program can meet the Standard and the timeframe in which this action must occur. All new programs are accredited with conditions.

**Accredited with conditions:** The status applied when the program of study, and the education provider that provides the program of study, substantially meet an approved accreditation standard(s) for the profession and the imposition of conditions on the accreditation will ensure the program meets the Standard(s) within a reasonable time. All new occupational therapy programs will have conditions as the roll-out of the program is closely tracked.

\*\*\* The University of Adelaide and University of South Australia were merged to create Adelaide University, which formally commenced in January 2026. The University of Adelaide had its last intake in 2025. The University of South Australia occupational therapy programs will continue to be delivered by the Adelaide University from 2026.
